B09.D00-M00+S01

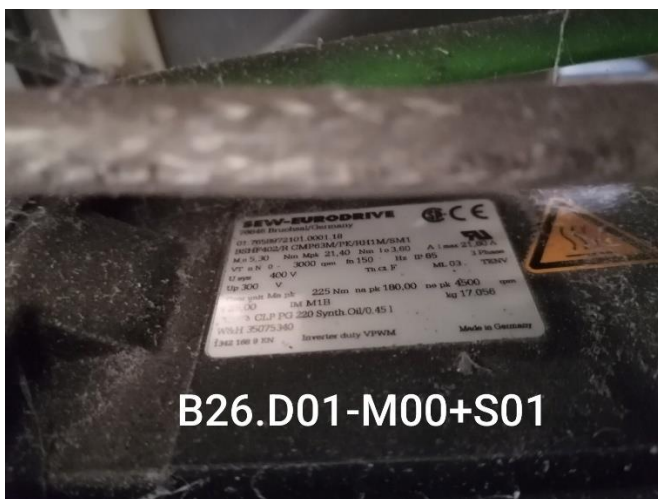

A close-up photograph of a hard drive label. The label is white with black text and features the 'BUCE' logo. The model number 'B09.D01-M00+S01' is printed in large, bold letters at the top. Below it, various technical specifications are listed, including capacity (400 GB), interface (SATA), and rotational speed (7200 rpm). The label also includes a barcode and a date stamp.

[illegible]

A close-up photograph of a robotic arm's internal joint. A silver-colored servo motor is mounted on a metal frame. A metal shaft extends from the motor's output. The servo has a label with technical specifications. A black cable is connected to the bottom of the servo. The background shows a blurred industrial setting.
