

# SR 1795 HF

## Antistatic Additive

**DESCRIPTION** SR 1795 HF is an antistatic additive with high flash solvent which retards the accumulation of electrostatic charges that accumulate during mixing, pumping/transfer and shipment of distillate fuels.

**PERFORMANCE BENEFITS** SR 1795 HF improves overall safety and fire prevention. SR 1795 adds value to the finished product by making it safer to use and has no adverse effect on its performance. Its unique formulation improves the safety of transporting such distillate fuels by helping to prevent fires associated with electrostatic spark ignition.
